

## **SPL Transportation Group Objectives**

### **2021 – 2023**

A. **Objective 1:** A representative of each CIL will research resources for accessible transportation in their area in order to disseminate the information for customer use and knowledge.

**Action steps:** brainstorming resources for services, funding sources, driving schools, vehicle modifications to update the **Transportation Group website, and Social Medias.** Have schools, VR or companies speak at workgroup meetings.

**To be completed by 09/30/2023**

B. **Objective 2:** Make recommendations to local, regional and/or statewide transportation councils with customer driven input.

**Action steps:** Each member will collect at least one customer story regarding transportation struggles or successes to be shared with transportation councils, area CTDs and on the **SILC and Transportation Group** websites for purposes of empowering our communities to access needed transportation services. CIL representatives will find local/regional councils and/or CTDs, attend meetings, and invite CTD Chairs or other transportation groups/providers speak at workgroup meetings.
